I think this has more to do with the Canadian enforcement action, which is live, and a possible petition to remove Ecuador's trade preferences for failure to abide by the BIT arbitration interim award. Chevron has also hit up EEB for a meeting, which we recommended be combined with any L meeting. The timing's not great, but I wonder if whoever's available shouldn't hear them out for an hour on Tuesday. Alternatively, we could tell them not all of us can make it and let them choose, but I assume they'll take the meeting.

I would put them off until first week of July. There's nothing pressing in their case.

I could attend Tuesday, not that I'd have a whole lot to contribute.

Chevron has requested a meeting on June 19-20 to discuss recent developments in its BIT arbitration against Ecuador. (See e-mail below.) Not a great week for those scrambling to prepare for the Ecuador arbitration hearing, but perhaps we could squeeze in a meeting the afternoon of the 19<sup>th</sup>. I believe we plan to be mooted most of the 20<sup>th</sup>.

Please let me know if you can attend.

Thanks,  
 Lee

Lee, Ed Scott will be in town next week (June 19-20) to talk specifically about the BIT awards in the Ecuador matter, recent enforcement activity, and how all of this lines up against Ecuador's treaty obligations and participation criteria in

trade preference programs. Ted suggested that we reach out for a special meeting with your office so that you could talk perhaps in more technical detail. Can I lean on you to query the usual suspects (Wynne Teel, Jeff Kovar, Keith Loken, etc) and if there is interest coordinate with Shawn Marchetti find a workable time. Ted is out of town, so it would just be Ed and me at the meeting...or we may bring Brian Pomper along also.
